

# REVIEW OF MARKING REQUEST

## Information for candidates

*The following information explains what may happen following a review of marking request.*

If your examination centre makes an enquiry about the result of one of your examinations after your subject grade has been issued, there are three possible outcomes:

- Your original mark is raised, lowered or remains the same, but there is no change to your grade.
- Your original mark is raised by enough marks that your original grade is changed to a higher grade.
- Your original mark is lowered by enough marks that your original grade is changed to a lower grade.

In order to proceed with the review of marking request, you must sign the form below. This tells the Head of your Centre and your Examinations Officer that you have understood what the outcome might be, and that you give your consent to the request being made.
